E SERIES
AUTOMATE ROLLER MOTORS

- Motors for medium sized roller shades.

- Slim, unobtrusive white motor head for minimal light gaps.

- Motorise multiple shades with a single motor using Easy-Link brackets.

- Complete the motorised system with stylish Automate controllers.

- Efficient programming, use the smart phone app for remote-free motor set-up along with a step by step programming wizard.

- Bi-directional communication, visually displays shade positioning via the smart phone app.
